Noida Toll Bridge Company Limited (NTBCL)

Regd. Office : Toll Plaza, DND Flyway, Noida 201 301, UP

The Board of Directors of Noida Toll Bridge Company Limited (NTBCL) approved the Company's unaudited results for the quarter ended June 30, 2009, today.

NTBCL has reported a PBT of Rs. 95.13 million for the quarter ended June 30, 2009 as against Rs. 82.76 million in the corresponding quarter of the previous year. The increase in PBT can be largely attributed to overall reduction in expenditure. However, the profit after tax for the period has been Rs. 69.46 million compared to Rs. 73.21 million for the corresponding quarter of the previous year. The reduction in PAT is due to a higher provision of taxes in the current quarter for Minimum Alternate Tax and Deferred Tax liability.

The Average Daily Traffic (ADT) for the quarter was 98,746 vehicles as compared to 93,997 vehicles in the corresponding quarter of the previous financial year, showing an increase of 5%.
